

Saxon Label is set up to be your one stop source for labels for all types of scales. We have direct thermal scale labels for most brands of electronic scales including Berkel, Bizerba, CAS, DIGI, Exact, Hobart, Ishida, TEC, and Toledo.

All weigh-scale labels are not the same. Designed for all weigh-scale/label manufactures, our labels are made to meet and or exceed weigh-scale manufacturer specifications. With Saxon labels, you'll have fewer jams, more accurate scans, longer printhead life, less dust and labels that will work through the widest temperature ranges and environments. Saxon labels will help optimize the functionality and longevity of your weigh-scale labeling equipment.

Need a scale label with your own logo printed on it? Custom printed labels are available for virtually all applications. Minimum order for most custom labels is ten cases. We utilize the Pantone® Matching System to mix any color you want for your labels. Depending on label configurations you'll need to provide either samples of your existing label or a scanable logo or other graphics so our art department can produce a proof for your approval. More information on custom labels can be found below.

LABEL INFORMATION: We use materials that meet or exceed original equipment manufacturers suggested requirements. Adhesives used on stock labels are standard cold temperature with application temperature rating of minimum -20 degrees F. and service temperature rating of -65 to +200 degrees F. Other adhesives are available for any special need that may arise.

TERMS USED:

STANDARD FORMATS - A STANDARD FORMAT label is not normally in stock. Minimum quantity is 5 cases. Lead-time to ship for STANDARD labels is generally 7 to 10 business days. Occasionally we do have some STANDARD FORMATS labels in stock and can ship sooner.

CUSTOM - Minimum quantity on custom labels is 10 cases. Custom labels allow for changes to the stock label format . Custom labels will require artwork to be created, proof approval, printing plates and manufacture of labels. First time custom label orders generally take 7-10 business days after artwork is approved. All CUSTOM label orders are subject to a 10% over/under run. CUSTOM labels will have artwork and plate charges added to the first order. Backside timing marks where required are provided at no additional charge. There is no charge for artwork and plates for an existing CUSTOM label that you send us to duplicate. We use the Pantone® Matching System to match colors; there is no charge for standard custom colors.

How to create a CUSTOM label:

- If you already have a custom label you can send us a strip of 5 or more labels which we can duplicate (no plate charges on existing labels!).
- Send us camera-ready artwork for your custom label. Be sure to list colors by Pantone number, if available.
- For text only, send us the text you would like to insert on the label as well as the color of that text. There may be a setup fee of \$75 per hour for artwork creation.
- Logos will need a scan ready copy (faxes will not work!)
- We can quote custom labels on the phone. Please send us your request along with the labels or artwork mentioned above by mail or email for a quotation.

Ordering/Quoting Information: There are several ways to order or get a quote from Saxon Label. Call us at **customer service 800-727-1976 / Fax 248-398-2359** or e-mail us **scalelabel@saxoninc.com** and we'll get back to you promptly.

Thank you for opportunity to meet your needs.

Saxon Inc. Conditions

Orders:

When ordering please provide Saxon Inc part number, scale model number, case quantity and any other information to facilitate the order.

Artwork:

Adobe Illustrator Vector Images or Adobe Reader file are required for all artwork. If artwork is not provided then art re-work becomes necessary. Estimates of cost will be provided before charges are approved. Labor for art work is \$75.00 per hour.

Proof Acceptance:

Saxon Inc. requires a customer signature for all proofs provided. This provides written acceptance of art before going to press

Plate Charges:

One time plate charges applies to first time orders or when changes occur on an existing label. Plate charges are quoted by the job , one plate is required for each color represented. Plate charges are waived for orders of 25 cases or more.

Payment terms:

Credit application must be completed and approved by Saxon. Terms are net 30 days from date of invoice for open accounts. No orders will be processed for accounts over 30 days past due. Exceptions must be pre-approved at time of order. Interest charges may apply for accounts 60 days plus.

All orders are shipped F.O.B Ferndale, MI. 48220

Delivery Claims:

Goods are transferred to customer upon a signed Bill of Lading. All discrepancies must be noted by the customer on the Bill of Lading at time of delivery. Saxon Inc. will not make any adjustments without delivery receipt and notifications directly that there is a problem.

Credits and Returns:

Defective and Non Defective Product Returns:

Defective product credits and returns only apply to product no more than 6 months old from invoice date. Customer must supply invoice number for all credit and return request. All products must be returned in its original package and in the same condition as sold. Customer to provide Saxon Inc. invoice number for all credit and returns. Saxon Inc. will provide a return authorization number for any product returned. Non defective product will be shipped back to Saxon Inc. at the customer's expense. Upon investigation Saxon Inc. will determine when a credit will be authorized, the invoice may include a 20% restocking charge for returned merchandise. The return authorization number must appear on all product returned clearly marked.

**Warranty of Product:**

Saxon Inc. warrants its product to be free of material and workmanship defects. Saxon Inc. will provide samples and make recommendations based upon research which we believe to be true. This does not constitute a warranty or guarantee. Whenever product is sold or a sample provided, it is with the understanding that the purchaser and or end user has determined that the product is suitable for the application and operating conditions. Saxon Inc. liability in no event will be responsible for customer loss of profits or any other consequential damages.

No agent of Saxon or its employees is authorized to give any warranty, guarantee or make any representation in addition to or contrary to the provisions listed above.

Right to Change:

Saxon Inc. reserves the right to make changes to this catalog and its provisions with or without notice.
